ABOUT SMS

We at SMS International, a world-class education consultancy, have been guiding interested students and parents who are seeking admission in MBBS courses at several reputed medical universities abroad in countries like Kyrgyzstan, Kazakhstan, Uzbekistan, Armenia, Russia, etc. for the past several years now. These universities and medical colleges are recognized by the Medical Council of India (MCI/NMC), the World Health Organization (WHO), UNESCO, etc. Our motive is to help Indian students who wish to fulfill their dream of pursuing MBBS from abroad. We also have our top-class faculties from AIIMS, MAMC, KGMC, SMS, etc. onwards, providing classes from the 1st year

Dear Aspirants

“The best way to predict the future is to create it,” and in order to create a bright future, the first thing you need to do is choose the right career. Being a doctor is one of the most prominent career choices in India, but the path is not easy. To serve humanity, becoming a doctor is the best thing one can do, though undoubtedly, it requires constant hard work and dedication. We at SMS aim to provide the best education, but the path is not easy. Currently, in India, there are a lot of students who end up wasting their precious years trying to repeat the various entrance exams, as they are unaware of the possible choices and chances of pursuing MBBS courses abroad. We believe that it is only fair to let the student justify their urge to be professional medical practitioners rather than settling for professions that do not let them show the best in them. Profesion assured that we will guide and support you all through your journey.

UNIVERSITIES

PARENTS MEET

BIMI has all modern facilities available, and tutors are supportive as well. BIMI Hostel is well furnished, and it's walking distance from college. They provide vegetarian Indian food, and Bishkek is a safe city to live in; there is nothing to worry about safety here.

Gayatri Patidar

I always had a dream to become a doctor, which was fulfilled. The Bishkek International Medical Institute has all the modern amenities in the classroom, labs, and clinical instruments. The communication system between students and faculty is very friendly. The entire staff is very supportive. Thank you.

Suzen Khan

Hello Friends, I got to know about the BIMI from Dr. Arvind. He is like an elder brother; he always supports us and makes sure all our needs are fulfilled. All the facilities in the college are awesome, and I recommend the BIMI to all aspiring students planning to take a course in medicine.

Deepanshu Jain

I am Faisal Khan, an 2nd year student pursuing from BISHKEKINTERNATIONAL MEDICAL INSTITUTE. Although the quality and quantity of subjects to learn daily have been massive, the most favorable part of BIMI is that all medical subjects are taught by Indian faculties only. As well, in BIMI, we have MCI (NEXT) Exam Coaching inCampus only. We are all pleased to be part of BIMI.
